Words from our Pro

Pace of play has been a concern over the long weekend where we have a lot of green-fee guests. We will be putting signs in as many of our carts as possible indicating how long it should take to play our course and asking folks to let group(s) behind through if they are not able to keep up with the group ahead. We will also post the same notice in the Pro Shop and where possible, will advise our guests about pace of play at our course.
